Given during the Month of November

Virtus Classes. Please read the following and the booklet that is in the bag

<https://guadalupeoral.info/teaching-touching-safety/>

Our Lady of Guadalupe is dedicated to teach the Catholic Faith to the children of our parish. Additionally the Religious Education Department is charged with presenting the “Teaching Touching Safety” program to our students. This program is part of the Archdiocese of Miami’s ongoing effort to help create and maintain safe environments for children. The following is a summary of this year program.

Lesson 7:

Principle: Educating children about Internet Safety. Specifically: 1) Some Do’s and Don’ts of interacting with people on the Internet, and 2) The importance of protecting yourself and your personal information while using the Internet.

Catechism: Man is obliged to follow the moral law, which urges him “to do what is good and avoid what is evil” (cf. GS 16). This law makes itself heard in his conscience. #1713

Goal: To assist children and young people in recognizing the risks of providing personal information to anyone on the Internet and to help them realize how hard it is to know who someone really is when the only avenue of communication is the Internet.

Objectives: To teach children and young people safety rules for the Internet and to raise their awareness about the ways adults can use the Internet to confuse and “trick” them into believing things that are not true. The goal for this lesson is not to teach everything about Internet safety but to concentrate on two specific areas: 1) keeping personal information private, and 2) realizing that there is no way to really know who is talking with you on the Internet. The specific learning goals are: Children and young people can learn when to give personal information to an adult and when to keep it private. Children and young people should never give private information to someone they don’t know or can’t see, such as people who might contact them through the Internet.

- **Lección 7:**

- **Principio:** Educar a los niños sobre la Seguridad en Internet. Específicamente: 1) Qué cosas se deben hacer y qué cosas no se deben hacer al interactuar con personas por Internet, y 2) La importancia de protegerse a sí mismo y de proteger tu información personal mientras usas Internet.
- **Catecismo:** El hombre tiene la obligación de cumplir con las leyes morales y ello lo obliga a "hacer el bien y evitar el mal" (cf. GS 16). Esta ley se hace oír en la propia conciencia. #1713
- **Meta:** Ayudar a los niños y a los jóvenes a reconocer los riesgos de proporcionar información personal a personas por Internet y ayudarlos a admitir lo difícil que es saber quién es realmente una persona cuando la única vía de comunicación es la Internet.
- **Objetivos:** Enseñar a los niños y jóvenes las normas de seguridad en Internet y concientizarlos sobre las formas en que los adultos pueden usar Internet para confundirlos, "engañarlos" y hacerles creer cosas que no son ciertas. El objetivo de esta lección no es enseñar todo sobre la seguridad en Internet, sino concentrarse en dos áreas específicas: 1) preservar la información personal, y 2) darse cuenta que no existe forma de saber verdaderamente quién está hablando contigo por Internet. Los objetivos específicos de aprendizaje son los siguientes: □ Los niños y jóvenes deben aprender cuándo deben proporcionar información personal a un adulto y cuándo deben preservar su privacidad.
- Los niños y jóvenes no deben proporcionar información privada a personas que no conocen o no pueden ver, tal como personas que podrían contactarlos a través de Internet.
